

AutoTracer PC

AutoImager

The AutoTracer PC and AutoImager are the best CD and DVD R Publishing solutions available today, from Condre, Inc. Both are PC Connect systems designed with high performance robotics and thermal ink jet printing technology at price points affordable for virtually any user. The AutoTracer PC provides both recording and printing capability, while the AutoImager is print only. User friendly software included with the systems allows users to easily create and run consecutive unattended jobs with no manual intervention. Image creation and editing features support multiple CD (and DVD) formats including audio, video and data, and graphic print files from Quark, Photoshop, and others. The AutoTracer PC and AutoImager are the Price / Performance leaders in CD and DVD R Publishing. Call today for details!!
