

CD Tracer  
740Pro

CD Tracer  
440Pro

The CD Tracer Pro is a full featured, standalone CD Recordable duplication system from Condre, Inc. With it's numerous menu commands, internal hard drive, and low cost, the CD Tracer Pro is the best solution for production level CD R duplication requirements today. Multiple cooling fans provide industrial style ventilation, assuring the longevity of the system. Editing functions allow the user to extract specific tracks from Master CD's, and create compilation discs. The system also Verifies, and will Copy / Compare discs that are duplicated. A small desktop footprint allows the CD Tracer Pro to be integrated into virtually any environment. For high performance CD Duplication at an affordable price, the CD Tracer Pro is the choice for any CD R user today !
