DVD Tracer  
228 Pro

Condre, Inc. introduces the DVD Tracer Pro Series, a combination DVD / CD Recordable Tower Duplication System featuring high performance General Purpose DVD recorders. For applications requiring the large capacity of DVD media, including video, medical imaging, long term data storage and interchange, and many others, the DVD Tracer Pro Series is the best solution for duplication requirements. These units also support CD R, providing users with dual functionality and versatility. Their user friendly interface combined with one button operation allow any novice user to easily duplicate multiple general purpose and non secured video DVD's, and CD's as well. Since the DVD Tracer Pro Series is completely standalone with an internal hard drive, no PC is required for operation. Multiple cooling fans and a ruggedized enclosure make the DVD Tracer Pro Series the most reliable DVD duplication system available, from the leader in CD and DVD duplication technology, Condre, Inc !!
